TABCO 6000

The clean lines of TABCO 6000 help bring out all the features in a building's interior.

TABCO 6000 When the design calls for the most open feeling imaginable, the call goes to our TABCO 6000™ rail system. TABCO 6000 is the ultimate use of glass handrail, in a variety of configurations to complement any architecture. This is another Tuttle specialty, an elegant rail structure with versatility, durability – and ease of installation. TABCO 6000 is the clear solution to distinct design.
